DETAILED ACTION

Introduction

1. Applicants' amendments and remarks filed 7/16/2009 have been entered. Claims 1-3 and 6 are active.
2. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.
3. In response, since the amended independent claims are new matter as set forth below, the previous grounds of rejection have been withdrawn, and to be reinstated, if proper, after the new matter issues are resolved.

Claim Rejections - 35 USC § 112

4. Claims 1-3 and 6 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention.

More particularly, in independent claims 1 and 6, the newly added limitation

“small beads are used for forming an inner layer of the lens, and large beads are used for forming an outer layer of the lens”

lacks support in the original specification, and therefore is new matter. Applicants are required to provide a clear support or cancel new matter in the next reply.

Response to Arguments

5. In view of the new matter issues set forth above, applicants' arguments at Remarks pages 5-7 are moot.

Conclusion

6. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
